

# CS 440 Meeting Minutes

Group: 8 | Date: **Saturday, April 23, 2022** | Time: **10 AM** | Duration: **120 minutes**

Present, on time: **Madhav, Matt, Jibreel**

Present, not on time: **N/A**

Absent: **N/A**

---

## Synopsis:

Met today to Discuss on how to demo our description project. We all made a significant improvement on the coding report and completed it . We talked about the development project and planned on how to complete the report. Reassigned tasks for the upcoming week for the development report.

## Recent Accomplishments:

This week we have been working on the test cases and the other features that are required for the next release/presentation. We have completed the coding project demo in class and worked on the coding project report.

## Current Activities:

We will be working on what tasks are assigned to complete this last one week. We are assigning parts to our development report which is due in the next week. We are working on the leftover tasks for the development project report and two page summary. We will complete the slides required for the development project demo.

## Action Items:

Madhav: Complete leftover sections in Part 4 for development project and work on summary paper.

Matt: Complete some sections in part 3 and work on summary paper

Jibreel: Complete some sections in part 3 and work on summary paper
